Amendments to the Specification

Please replace the paragraph beginning at page 27, line 23, with the following rewritten paragraph:

A number of program modules may be stored in the drives and RAM 1425, including an operating system 1435, one or more application programs 1436, other program modules 1437, and program data 1438; in addition to an implementation 1456 of providing models and test coverage for non-deterministic programming as taught herein.
